

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 December 2025.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower. The market index return reflects no deduction for charges and tax.

What fees are investors charged?

Investors in the Balanced Strategy are charged fund charges that include GST. In the year to 31 March 2025 these were:

	% of net asset value
Total fund charges²	1.41%
Which are made up of:	
Total management and administration charges	1.41%
Including:	
Manager's basic fee	1.20%
Other management and administration charges	0.21%
Total performance-based fees	0.00%

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Katie had \$10,000 in the investment option at the start of the year and did not make any further contributions. At the end of the year, Katie received a return after fund charges were deducted of \$337 (that is 3.37% of her initial \$10,000). Katie did not pay other charges. This gives Katie a total return after tax of \$337 for the year.
