## Product Disclosure Statement

Issued by Fisher Funds Management Limited  
6 November 2023

This is a replacement Product Disclosure Statement (PDS) which replaces the PDS dated 30 June 2023.

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose). Fisher Funds Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial advice provider to help you to make an investment decision.

# 1. Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ("Fisher Funds", "we" or "us") will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

The Fisher Funds Premium Service offers you a range of five funds ('the funds') to invest in, giving you access to a range of asset classes and the ability to create a diversified investment portfolio. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in Section 3.

You can choose to invest in one or more of the funds below, as long as you meet the minimum investment and account balance requirements. More on those in Section 2.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [ipq.fisherfunds.co.nz/ffmf](http://ipq.fisherfunds.co.nz/ffmf).

## Who manages the Fisher Funds Premium Service?

Fisher Funds manages the funds. See Section 7 for more information about us.

## How can you get your money out?

This is a flexible investment option, and you can usually withdraw some or all of your investment at any time. Below are more details about withdrawing your investment:

- There's no charge for withdrawals
- You'll need to complete a withdrawal form
- There is currently a minimum withdrawal amount of \$10,000 per transaction
- A minimum account balance of \$500,000 should be maintained across all of the funds you're invested in. We have discretion to allow balances below this threshold (including where lower minimum account balances have been permitted for existing investors).

Section 2 provides more information on withdrawing your investment.

Your investment in these funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

However, because you can withdraw by simply completing a form there's no need to sell your investment to another person unless you wish to.

## How will your investment be taxed?

Each fund is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See Section 6 of the PDS (What taxes will you pay?) on page 12 for more information.

## Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each investment option. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources). The manager will also give you copies of those documents on request.

## 2. How does this investment work?

Your investment in each of the funds is combined with those of other investors and managed by a team of investment professionals on your behalf.

### What are the benefits?

Fisher Funds Premium Service has some great benefits that we think you'll find attractive:

- **Investing is all we do:** At Fisher Funds we only do investments. We're not distracted by trying to manage other products or services. You'll have the full attention of our professional investment team with over 300 years' combined experience, who'll make the investment decisions on your behalf.
- **We get to know you:** We've got a team of passionate, down to earth, advisers who are with you every step of the way.
- **Value for money:** We're here to help with financial advice at no extra charge to help you make sure your investment choices are aligned with your financial goals.
- **Flexibility:** You have the ability to add to, withdraw from, or change your investment at any time; putting you in control of your investment.
- **More options:** Pooling your savings with others gives you access to investment opportunities that are generally available only to those people with significant buying power.

### How does it work?

When you invest in the funds, money you invest is used to buy units in your name in the fund or funds that you choose. More information on the funds can be found in Section 3.

- Each unit you buy will have a price calculated each business day based on the value of the fund's assets at the time.
- Changes in the value of the fund's assets (up or down) are reflected in the unit price.

Each fund in the Fisher Funds Premium Service is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited (the 'Supervisor'). Your investments are held by a custodian appointed by the Supervisor, who is independent from Fisher Funds. Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

The funds do not currently make distributions. Any income or capital gains are included in the unit price of the funds.

### Responsible investment

Responsible investing is deeply ingrained into our research process.

We aim to invest responsibly in three ways:

- We maintain a Prohibited Companies List (the List) that identifies companies that do not meet Fisher Funds' environmental, social and governance (ESG) standards. This List includes companies that produce goods or services that cause widespread harm, and companies that don't meet basic standards of good corporate conduct. In drawing up the List we supplement our own research with insights from leading global ESG data providers. Fisher Funds will not invest in companies on the List.
- We incorporate ESG considerations in our research and in our investment decisions. This also feeds into our engagement with companies which may be undertaken directly by our team or through external advisors.
- As another key part of our active approach to ownership, when we choose to exercise our voting rights we do so in a way that takes account of our ESG standards.

Our Responsible Investment Policy is constantly evolving and is therefore subject to change. The latest version is available at [fisherfunds.co.nz](http://fisherfunds.co.nz).

### Making investments

It's easy to invest in the funds and they're open to most people including;

- Individuals (including joint investors)
- Trusts or Partnerships
- Estates
- Charities
- Companies
- Incorporated Societies or Associations

The Fisher Funds Premium Service does have some minimum investment amounts which, unless we agree otherwise, are:

Activity	Minimum amount*
Opening your investment	\$500,000
Making additional investments	\$10,000 per fund
Minimum amount invested	\$10,000 per fund

You can start your Fisher Funds Premium Service journey by completing the application form at the back of this document or by simply giving us a call if you'd like us to help you through the process.

You can invest anytime by making a lump sum or regular contribution by direct credit transfer or direct debit. Making regular contributions to your investment can help you reach the financial success you dream of.

\*We have discretion to accept applications or allow investment balances below the minimum amounts. Please talk to your financial adviser if you would like to invest but are below the minimum thresholds.

## Withdrawing your investments

The Fisher Funds Premium Service gives you the flexibility to withdraw some or all of your investment at any time, and there's no charge to do so.

### How to make a withdrawal?

- Simply complete a withdrawal form (you can download a form from [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources)).
- Partial withdrawals need to be at least \$10,000 per transaction.
- Regular withdrawals must be for a minimum of \$1,000 per transaction and are available monthly.
- A minimum account balance of \$500,000 should be maintained in total across the funds you are invested in and \$10,000 in each fund you are invested in, or we may withdraw your remaining investment in the relevant fund(s) and pay it to you. We have discretion to allow balances below the \$500,000 threshold (including where lower minimum account balances have been permitted for existing investors). We may also take into account other balances you have in Fisher Funds products for the purpose of calculating your total balance.

## What happens when you make a withdrawal?

- If your withdrawal request form is received by 3pm on any business day, and is fully completed and accompanied by all necessary documentation in the correct form, it will be processed at the unit price calculated as at the close of the markets on that day (or the next business day if received after 3pm). For funds that only invest in New Zealand or Australian assets this usually means your withdrawal will be processed on the following business day, and for funds that invest in international assets this usually takes 2 business days to process. In certain unusual circumstances withdrawals may take up to 10 business days to complete.
- PIE tax associated with the withdrawal may be deducted from your account.
- We may suspend or defer the timing of withdrawals (including switches) in some circumstances. Further information on suspensions and deferrals is set out in the 'Other Material Information' document at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

## How to switch between funds

Fisher Funds Premium Service offers you a range of funds to choose from, with the flexibility to switch your investment between funds, at any time, usually with no charge. We may choose to charge a fee, for example if an investor wanted to make an unreasonable number of switches in a short time.

Switching funds is easy; just complete a switch form at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

### 3. Description of your investment options

Fisher Funds Premium Service offers a choice of five funds to invest in, with the flexibility of investing in any combination of the funds. It's important for you to understand what your financial goals are, the timeframe you have to invest and how much risk you're comfortable to take before choosing what fund or mix of funds to invest in. Each fund has different risks and rewards and is designed to suit different types of investors. You might like to talk to one of our friendly financial advisers before making any decisions.

#### Premium Income Fund

##### Summary of investment objectives and strategy

Aims to provide stable returns over the long term by investing in New Zealand and international fixed interest assets.

##### Who is the fund suitable for?

A short term or naturally cautious investor who intends making a withdrawal in the short to medium term. It also suits an investor who values lower volatility of returns over achieving potential higher returns.

While this fund is designed to be conservative in nature, in times of heightened market volatility the value of your investment may go up or down.

The funds may hold derivatives (contracts that are valued based on the performance of other assets) e.g. for currency hedging purposes in the funds that invest overseas, and alternative assets (such as investments in commodities), however there is no specific allocation to these investments.

The Statement of Investment Policy and Objectives (SIPO) sets out the investment philosophy, strategies and objectives for the funds. We regularly review and update the SIPO (in consultation with the Supervisor) to take into account current market conditions. The current SIPO for the funds can be found free of charge on the Disclose Register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose). Any material changes to the SIPO will be advised to you in the Fisher Funds Premium Service Annual Report.

## 4. What are the risks of investing?

### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each fund can be found in Section 3.

### Risk indicator

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [ipq.fisherfunds.co.nz/ffmf](http://ipq.fisherfunds.co.nz/ffmf).

Note that even the lowest category does not mean a risk-free investment.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 30 September 2023. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the fund.

### General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- **Investment returns risk** — different types of investments have different risks and perform differently at different times. For example, the return on growth assets tends to go up and down more than the returns from income assets. This means short term fluctuations in the value of a fund are common, especially for funds that invest mostly in growth assets like shares.
- **Market risk** — investment market performance can be affected by economic conditions such as investor opinion, inflation, employment rates and interest rates (including negative interest rates). Political events, and environmental and technological issues also impact investment market performance.
- **Currency risk** — investments in foreign assets are bought and sold with foreign currency, and the fund may hold foreign currencies directly. The value of the foreign assets and currency can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the foreign currency.
- **Investment manager risk** — how we choose to allocate each fund's investments will affect that fund's returns. In particular, our investment style may result in our returns differing from any market index and from competing investments.
- **Credit risk** — the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, fail to complete transactions, or may become insolvent. If this occurs you may not receive the full amount of your investment in that fund.
- **Counterparty risk** — a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent. If this occurs in any of the investment contracts held by a fund, you may not receive the full amount of your investment in that fund.
- **Interest rate risk** — fixed interest investments may become more or less valuable depending on changes in interest rates. If market interest rates rise, existing fixed rate investments become less valuable because new fixed interest investments will pay the current, higher rate of interest, and vice versa when market interest rates fall. Interest rate risk is more applicable to funds that invest mostly in income assets such as fixed interest securities.
- **Liquidity risk** — low liquidity can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers.
- **Concentration risk** — as an active manager, we invest the funds in a relatively small number of securities that we have individually researched and hold a high conviction will perform well over the long term. Where a portfolio consists of a small number of securities, the performance of one or a few securities will have a larger impact on the performance of the fund than in a fund that holds a greater number of securities.

Further information on risks and the steps we take to reduce their impact on the funds' investments are set out in the 'Other Material Information' document on [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose).

## 5. What are the fees?

You will be charged fees for investing in the Fisher Funds Premium Service. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term; and

- **one-off fees** (for example, fees charged for investing or withdrawing from the fund or other specific actions you take). Fisher Funds does not currently charge any one-off fees.

The table below shows the charges for each fund including GST. The annual fund charges are based on the fees and expenses from the 31 March 2023 audited financial statements. They are a reasonable estimate of the annual fund charges that are likely to be charged in the future.

Fund	Fixed	Estimated		Total estimated annual fund charges (% of net asset value)	Potential range of performance-based fees <sup>2</sup>
	Management fees	Costs and expenses	Performance fees <sup>1</sup>		
Premium Income Fund	0.76%	0.09%	n/a	0.85%	n/a
Premium Property & Infrastructure Fund	1.02%	0.22%	0.09%	1.33%	0% to 2.00%
Premium New Zealand Fund	1.01%	0.10%	0.11%	1.22%	0% to 2.00%
Premium Australian Fund	1.02%	0.11%	0.00%	1.13%	0% to 2.00%
Premium International Fund	1.02%	0.09%	0.00%	1.11%	0% to 2.00%

### Description of the above fees

#### Annual fund charges

Are made up of:

- The **management fee** charged by Fisher Funds for providing investment management services to the funds.
- **Costs and expenses** incurred in relation to the funds for services such as accounting, custodian, unit pricing, audit services and include the Supervisor's fees.
- The estimated **performance-based fee**, which is charged when we beat the high water mark and achieve the hurdle rate of return (both terms are explained below).
- There is no performance-based fee for the Premium Income Fund.

The performance-based fees are calculated daily and payable within three business days of 30 June each year. The performance-based fees are capped at 2% of each fund's average net asset value per year.

The performance-based fees payable are 10% of the excess return above the hurdle rate of return (assuming we have beaten the high water mark) plus GST.

- A **high water mark** is used in the calculation of the performance-based fee to ensure that we are only rewarded for investment performance once. This is generally the highest unit price on which any previous performance-based fee was paid. Performance-based fees are payable only if the fund's performance exceeds the high water mark. This means that we don't get rewarded

for making up any investment loss the fund incurs — which we think is only fair.

- The **hurdle rate of return** is the minimum return the fund must achieve before being able to charge a performance-based fee.

The hurdle rates of return for the funds are as follows:

#### Premium Property & Infrastructure Fund

The Official Cash Rate plus 3%, subject to beating the high water mark described above.

#### Premium New Zealand Fund, Premium Australian Fund, and Premium International Fund

The Official Cash Rate plus 5%, subject to beating the high water mark described above.

In our fund updates, we compare the funds' performance against a combination of market indices appropriate to the asset classes the funds invest in. Our view is these indices provide the best comparison of how the funds should perform. However the hurdle rate of return for the performance-based fee payable to us is based on the Official Cash Rate plus a margin (as above). This means you may pay a performance-based fee even if the funds' performance does not match or beat the market index which has more comparable assets. However you will never pay a performance-based fee if your investment performance is negative, which could occur if the performance-based fee is linked to market returns and market returns are negative to a greater extent than the investment returns of the fund.

The annual fund charges are paid from the funds, or the underlying funds they may invest in.

1. Performance-based fees are estimated. Where applicable, the annual fund charges include a performance-based fee estimate based on the long term average performance of the fund's appropriate market indices compared to the long term performance of the hurdle rate of return of the fund.

2. A 2% performance-based fee cap was introduced on 1 July 2021. From this date the maximum performance-based fee payable is 2% of each fund's average net asset value per year. Prior to 1 July 2021 there was no limit to the maximum performance-based fee payable. The highest historic performance-based fee paid in each fund since the introduction of that fund's current hurdle rate of return and the corresponding annual returns after fees were:

- Premium Property & Infrastructure Fund performance-based fee 2.20%, corresponding annual return after fees 24.84%
- Premium New Zealand Fund performance-based fee 1.62%, corresponding annual return after fees 19.79%
- Premium Australian Fund performance-based fee 3.05%, corresponding annual return after fees 31.96%
- Premium International Fund performance-based fee 3.91%, corresponding annual return after fees 39.24%

## Individual action fees

There are currently no contribution, establishment, termination, or withdrawal fees charged.

You may be charged other fees by us on an individual basis for investor-specific decisions or actions, though this is rare. See the 'Other Material Information' document at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources) for more information about those fees.

## Buy/sell spreads

Although under normal trading and market conditions we do not apply buy and sell spreads, we may choose to do so. You can find out if any buy or sell spreads have been applied at [fisherfunds.co.nz/spread-pricing](https://fisherfunds.co.nz/spread-pricing). Further information is set out in the 'Other Material Information' document at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

## Example of how fees apply to an investor

Sarah invests \$10,000 in the Premium Australian Fund. The starting value of her investment is \$10,000. She is charged management and administration fees which work out to about \$113 (1.13% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Sarah may also be charged a performance-based fee if her fund earned more than its target.

## Estimated total fees for the first year

Individual action fees	Nil
Fund charges	\$113
Other charges	Nil
<b>Total</b>	<b>\$113</b>

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Premium Australian Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

Our fees may change or new fees may be added — we'll let you know if they do. If we do make any changes to the fees, we'll make sure they are changed within the rules set by the Governing Document.

Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

---

## 6. What taxes will you pay?

---

Each of the funds in the Fisher Funds Premium Service is a portfolio investment entity (PIE). The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to [fisherfunds.co.nz/faqs](https://fisherfunds.co.nz/faqs).

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as

part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you by Inland Revenue.

Joint investors, companies and trusts may be taxed differently to individuals. For example, for a joint application we will use the highest PIR provided by the applicants. See under the heading 'Tax' in the 'Other Material Information' document at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources) for more information on how your investment earnings are taxed. Or simply give one of our financial advisers a call.

## Section 2 – Trust tax details (continued)

Is the trust a financial institution as defined by the Common Reporting Standard or FATCA?

A trust will be a financial institution based on the activities that it carries out or how it is managed. There are four types of financial institutions: custodial institutions, depository institutions, investment entities and specified insurance companies.

Yes  No

If the answer to the above question is No, you must tick one of the boxes for the following question.

Is the trust a:

Active Non-Financial Entity **OR**  Passive Non-Financial Entity

Generally, a trust will be an Active Non-Financial Entity (NFE) if less than 50% of its income is passive and less than 50% of its assets produce (or could produce) passive income. A trust will be a Passive NFE if it primarily (50% or more) derives passive income and/or has assets that primarily (50% or more) produce (or could produce) passive income. Passive income generally includes non-trading investment income in the form of: interest or equivalents, dividends, annuities, other financial arrangements' income, and rents and royalties.

This section is only required to be completed if the trust has:

- Primary beneficiaries named in the trust deed And/Or
- Discretionary beneficiaries that have received a distribution from the trust

Are either of these classes of beneficiaries foreign tax residents?

### Section 3 – Trust Source of Wealth and Source of Funds

---

As part of our obligations under the AML/CFT Act we are required to understand the event/events that have occurred that generated the funds you intend to invest with Fisher Funds (known as Source of Wealth). We will require supporting documentation to verify the information you provide on this application. Please speak to one of our Fisher Funds advisers if you're unsure of the most suitable documentation to provide.

Select the relevant option(s) that apply to the trust for Source of Wealth:

Property Sale     Business sale     Rental income     Inheritance

Asset sale     Gift from Trustees or Settlor     Settlor/Trustee personal income     Business proceeds/earnings

Other (please specify)

And provide us with details about the Source of Wealth.

For example: The trust sold the property located at 73 Kingfisher Street in 2019 for \$500,000.

We are required to understand where the funds that you intend to invest with us are currently held (Source of Funds).

Select the relevant option(s) that apply to the trust for Source of Funds:

Trust's bank account     Term Deposit     Another investment manager

Existing Fisher Funds investment     Other (please specify)

And provide us with details about the trust's Source of Funds.

For example: Since the property sale of 73 Kingfisher Street, the trust has invested the sale proceeds in a term deposit that has now matured.

## Section 2 – Entity tax details (continued)

Is this entity a financial institution as defined by the Common Reporting Standard or FATCA?

An entity will be a financial institution based on the activities that it carries out or how it is managed. There are four types of financial institutions: custodial institutions, depository institutions, investment entities and specified insurance companies.

Yes  No

If the answer to the above question is No, you must tick one of the boxes for the following question.

Is the entity a:

Active Non-Financial Entity OR  Passive Non-Financial Entity

Generally, an entity will be an Active Non-Financial Entity (NFE) if less than 50% of its income is passive and less than 50% of its assets produce (or could produce) passive income. An entity will be a Passive NFE if it primarily (50% or more) derives passive income and/or has assets that primarily (50% or more) produce (or could produce) passive income. Passive income generally includes non-trading investment income in the form of: interest or equivalents, dividends, annuities, other financial arrangements' income, and rents and royalties.

Does the entity have any controlling persons that are foreign tax residents? For example, authorised signatories

## Section 3 – Entity Source of Wealth/Funds

---

Please provide a brief explanation of how the entity generates/generated its wealth, what the nature of the entity is and what it has been established to achieve.

For example: ABC Limited is a software business which generates its wealth by selling software to their customers.

Is the entity a vehicle for holding personal assets?

A vehicle for holding personal assets is defined as an entity that has not been established for goods and services but has been established for the benefit of directors and/or shareholders.

Yes – see below     No – go to Section 4

We will require the entity to provide supporting documentation to verify the Source of Wealth and Source of Funds. Please speak to a Fisher Funds adviser if you're unsure of the most suitable documentation to provide.

---

## Section 4 – Details of associated owner(s) of the entity

---

Each and all of the following persons associated with this account application must complete this section.

- >25% shareholders, company directors, authorised official (i.e. society president), nominee shareholders, persons acting under Power of Attorney, any other person authorised to operate the account or who has the ability to significantly influence decisions of the investor or other person on whose behalf the investment is made.

If there are more than three people associated with the account, an **Additional Account Owner(s) or Signatory Form** will need to be completed by each person that does not complete their details below. This form is available from our website [fisherfunds.co.nz/forms](https://fisherfunds.co.nz/forms).

Fisher Funds is required to verify the identity of new clients and associated parties under the AML/CFT Act. We offer clients two ways to confirm their identity. We are required to identify all persons in Section 4.

---

### Option 1 – Electronic identity verification

---

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Drivers Licence; Australian Passport; or Australian Drivers Licence.

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

---

### Option 2 – Certified copies of identity documents and proof of residential address

## Specific conditions relating to notices and disputes

1. I agree that the Initiator must give me at least 10 days' prior notice of each direct debit, including the first direct debit in a series.
2. Changes to the amounts or dates of a series of direct debits require 10 days' prior notice to me.
3. I can also agree with the Initiator to receive a same day notice for direct debits specifically requested by me.
4. All notices must be in writing, but can be delivered electronically, if I have agreed that with the Initiator.
5. I can also ask you to reverse a direct debit up to 120 days after the direct

debit if:

- I didn't receive proper notice of the amount and date of the direct debit, or
  - I received notice but the amount or date of the direct debit is different from the amount or date on the notice.
6. If you dishonour a direct debit but the Initiator retries it within 5 business days of the original direct debit, I understand that the Initiator doesn't need to notify me again about that direct debit.
